SKILL
ZOOM FREAK 1

THE WHAT & WHY

Giannis Antetokounmpo, known as the "Greek Freak," is the first NBA player born outside of the United States to have a Nike signature basketball shoe. “For the Zoom Freak 1, we looked at three key pillars of his game. We call it freakish speed, power and control,” Brand Director Nick Robinson said. The rose-patterned traction provides speed on both ends of the court, double-stacked Zoom Air in the heel delivers power and four bands provide lockdown and control. Giannis wanted his shoe to combine benefits from his two favorite shoes: the upper feel and cushioning of the Kobe 10 and the traction of the Kyrie 1. To showcase Giannis’ unique talent, the shoe has a large reverse Swoosh logo on the midsole for a bold, fast and sleek aesthetic.

Family plays an important role in Giannis’ life. The names of his four brothers and parents, Charles and Veronica, are featured on the shoe. The rose traction pattern is in honor of Giannis’ late father and the four bands represent his brothers. The words “I am my father’s legacy” are molded into the outsole to help keep him grounded.

THE HOW

1. SHARE THE UNIQUE BENEFITS WITH THE CONSUMER

Try on the shoe (where available), explore the features and benefits and share your experience with consumers.

UPPER	MIDSOLE	OUTSOLE
• Engineered mesh for snug fit • Added foam packaging on the heel prevents irritation • Four reinforced bands provide optimal forefoot containment • Padded collar locks foot in at the heel	• Double-stacked Zoom Air units in heel for optimal impact protection and responsiveness • Soft, resilient Cushlon foam for lightweight cushioning	• Hand-sculpted traction pattern provides enhanced grip for quick stops, starts and changes of directions • Rubber clip extends from outsole up the side for lateral support

2. ENCOURAGE TRY ON AND TRIAL EXPERIENCES

Encourage consumers to try on and trial the Zoom Freak 1 (where available) to experience its benefits.

- Offer the Zoom Freak 1 if the consumer is interested in a basketball shoe with speed, power and control.
- Extend an invitation to try on and recommend using simulated basketball movements like side-to-side steps and jumps to check for fit and feel.

3. OFFER NIKE.COM AND SNKRS APP

- Offer Nike.com to help the consumer locate the styles, sizes and colors your location does not offer.
- Share the benefits of the SNKRS app for updates on the release of additional colorways.

ACTIVITY #1
ZOOM FREAK 1 QUIZ

1. SET UP

The goal is for Athletes to increase their product knowledge of the Zoom Freak 1 so they can share benefits with the consumer.

- Divide Athletes into small teams.
- Ask the following questions. The first team to answer correctly earns 1 point. If a team answers incorrectly, they lose a point.
    1. How many international players have a Nike signature basketball shoe?
    2. Which two basketball shoes inspired the Zoom Freak 1?
    3. What unique design feature is on the midsole?
    4. How many Zoom Air units are in the shoe and where are they located?
    5. What is the hand-sculpted shape pattern for the traction and what is it inspired by?

2. COACH

As the teams answer questions, look for the following and provide coaching and recognition:

Answers:

1. *One. Giannis is the first player born outside of the United States to have a Nike signature basketball shoe*
2. *Kobe 10 and Kyrie 1*
3. *A large reverse Swoosh logo*
4. *The Zoom Freak 1 features two Zoom Air units double-stacked in the heel of the shoe*
5. *The rose pattern traction is in honor of Giannis' late father, Charles*

3. DEBRIEF

- Where can you learn more about the Zoom Freak 1? (Nike.com, Nike app, SKU)
- What else would you recommend to a consumer who is purchasing the Zoom Freak 1?

ACTIVITY #2
DESIGNER FOR A DAY

1. SET UP

The goal is for Athletes to understand the thought process of designing a performance shoe while using features from previous Nike shoes.

- You will need blank paper and markers.
- Divide the team into small groups.
- Ask each group to think of their favorite design and innovation features in a Nike shoe (Example: VaporMax, React, Flyknit, etc).
- Give each group 5 minutes to create a new Nike performance shoe that incorporates their favorite features from previous shoes.
- Have each group present their shoe creation and name, highlighting the design and innovation features and benefits to the athlete.

2. COACH

As Athletes work together and present their shoes, look for the following and provide coaching and recognition:

- Identifying features and benefits from a variety of Nike shoes.
- Creative names and combinations of features.

3. DEBRIEF

- What did you learn about the design process of shoes that will help you serve consumers?
- What is your favorite Nike shoe that was inspired by a previous Nike shoe?

ACTIVITY #3

TRY ON AND TRY OUT (WHERE AVAILABLE)

1. SET UP

The goal is for Athletes to experience first-hand how the Zoom Freak 1 feels and performs in order to make strong recommendations to consumers.

Bring several pairs of the Zoom Freak 1 (multiple sizes) to the activity.

- Ask for volunteers to try on the Zoom Freak 1.
- Encourage them to perform simple movements: side to side, jumps, running in place.
- Have each Athlete describe how the Zoom Freak 1 feels and how it performs during the different movements, compared with other basketball shoes.
- Encourage all team members to try on the Zoom Freak 1 during their shifts.

2. COACH

As Athletes practice, look for the following and provide coaching and recognition:

- Identifying benefits.
- Describing fit and feel.
- Comparing different footwear styles.

3. DEBRIEF

- What did you learn about the Zoom Freak 1 that will help you serve consumers?
- How does this shoe support players whose game features power, speed and control?
